**MORE SCIENTIFIC MORE BEAUTIFUL**

Huadong Ningbo Medicine Co., Ltd.

# Brand Introduction

SANTEMUSE is a biotech skin care brand jointly created by SANTEMUSE Inc. in the United States and Huadong Ningbo Medicine Co., Ltd in China in 2014. Adhering to the standards of producing medicine to produce skin care products, SANTEMUSE advocates “Skin health is the real beauty”.

As an objectively strong performer in R&D of beauty products, we have been closely cooperating with domestic and international institutions such as the American institute of Biology, College of Pharmaceutical Sciences at Zhejiang University, and R&D Laboratory of Huadong Medicine Co., Ltd. Relying on the progressive achievements accomplished with the above parties, SANTEMUSE have not only discovered a patented ingredient, Percells<sup>®</sup>, but developed a personalized skincare system based on SANTEMUSE DNA skin genetic testing to fully meet each client’s unique skin needs.

# Our Products

# Multi-Solution Revitalizing Serum

## 672 Magic® Serum

Enriched with our proprietary ingredient, Perecells®, the ultra powerful anti-aging serum is proven to speed up skin metabolism, brighten skin and increase skin fullness and firmness within 28 days. Plus, the serum has our unique transdermal delivery system under which all nutrients can easily penetrate the epidermis and perform the desirable biological effect in the deep skin layers.

**Size:** 4.5ml \* 2      4.5ml \* 4

**Ideal for all skin types.**

### Solutions for:

- Dullness and uneven texture
- Dryness
- Loss of firmness and elasticity
- Fine lines and wrinkles

Free of parabens and mineral oil, this non-greasy concentrate is also an ideal pre-treatment before your skincare procedure to boost the effects of any serum or moisturizer. The transdermal delivery system helps other skincare product quickly penetrate into skin, effectively transforming skin at the bottom layer.

### **What is Percells®?**

Percells® contains loads of Natural Moisturizing Factors (NMF), such as natural amino acids that are much like those of the human body in terms of species and proportions. Such natural compositions can directly replenish amino acids that we need, and maintain skin moisture balance in the epidermis. Furthermore, composed of 88 bioactive factors, Percells® can regulate cell growth and promote cell vitality, improving skin metabolism, skin immunity and the overall skin quality.

# What Makes Perecells® a Magic Ingredient?

- **Small molecules. Big performance.**

The phrase “size matters” can be the difference between your anti-aging skin serum actually being effective – or merely hovering on the surface of your skin. The small molecule technology in 672 Magic® Serum is harnessed to enable effective ingredients and other bioactive nutrients to penetrate deeper into skin because of their low molecular weight.

- **Aquaporins constitute a permeation channel for active ingredients.**

Aquaporins are microscopic channels which transport water between skin cells and promote hydration mechanisms from within. Perecells® has the ability to upregulate AQP-3 and enhance skin’s own hydration system.

## Glint Refresh Anti-Wrinkle Set

Awaken the secret of your youthful skin.

A multi-effect product portfolio aims to activate fibroblasts and restore the elastic fiber network, boosting collagen and hyaluronic acid. As a result, fine lines and wrinkles are plumped away, leaving texture delicate and firm.

### **Products:**

Glint Refresh Anti-Wrinkle Serum: 10ml \* 3 bottles

Glint Refresh Anti-Wrinkle Cream: 30g

**Ideal for all skin types, especially for aging skin.**

### **Solutions for:**

- Dullness and uneven texture
- Dryness
- Loss of firmness and elasticity
- Fine lines and wrinkles

### **Glint Refresh Anti-Wrinkle Serum**

An advanced-strength biotechnical serum powered by Perecells® and ultrastructure to effectively penetrate into skin and repair fibrocyte, improving skin elasticity. The serum is free of fragrance, preservatives, colorants, alcohol, mineral oil, hormone, antibiotics, and soap base.

**Size:** 10ml \* 3 bottles

**Highlighted Ingredients:** Perecells®, multi-amino acid complex, hyaluronic acid complex

### **Glint Refresh Anti-Wrinkle Cream**

A super-charged moisturizing cream with a concentrated dose of Copper peptide-1 that reinforces basal cell activity and proliferation, diminishing the look of fine lines and wrinkles.

**Size:** 30g

**Highlighted Ingredients:** Copper Tripeptide-1, hexapeptide, polypeptide combination

# Glint Allergy-Relieving Repair Set

Through the exclusive transdermal delivery system, the repairing partners can afford skin a powerful self-repair energy, diminish and prevent potential inflammation, and promote skin's overall anti-inflammatory ability.

## Products:

Glint Allergy-Relieving Repair Serum: 10ml \* 3 bottles

Glint Allergy-Relieving Repair Cream: 30g

**Highlighted Ingredients:** Perecells®, Schizophyllan, oligopeptides-1, azulene

**Ideal for all skin types, especially for sensitive skin.**

## Solutions for:

- Dryness
- Redness
- Irritation
- Dullness and uneven texture

# Special Serums for Four Seasons

## **Ceramide Soothing Repair Serum**

A ceramide-infused serum that quiets skin discomforts and prevents any sensitivity caused by outside irritants. Also good for its moisturizing effect.

**Size:** 30ml

**Highlighted Ingredients:** Percells®, ceramide, tetrandrine, helichrysum italicum extract, sodium hyaluronate.

## **Tranexamic Acid Brightening Serum**

A lightweight serum absorbs quickly to improve dullness, banish dark spots, and diminish the appearance of hyperpigmentation caused by sun damage for clear, radiant skin.

**Size:** 30ml

**Highlighted Ingredients:** Percells®, tranexamic acid, niacinamide, yeast ferment extract, oligopeptides, acetyl tetrapeptide-2.

### **Polypeptide Firming Serum**

A new force to fight gravity. This high-speed formula delivers visible improvement for an overall natural, more lifted and youthful look. Your skin feels radiant, plumped, rejuvenated.

**Size:** 30ml

**Highlighted Ingredients:** Perecells<sup>®</sup>, polypeptide, panthenol, yeast ferment extract, acetyl tetrapeptide-2.

### **Amino Acid Multi-Effect Serum**

A moisturizing serum packed with amino acid to treat dehydration and improve the appearance of fine lines and wrinkles, leaving the complexion incredibly silky and baby-soft to the touch.

**Size:** 30ml

**Highlighted Ingredients:** Perecells<sup>®</sup>, amino acid complex, yeast ferment extract, niacinamide, panthenol, sodium hyaluronate.

# New Activation Moisturizing Set

NEW Activation is characterized by hyaluronic acid (HA) of 3 molecular weights, feeding skin with multidimensional hydration and self-repairing force. In addition to HA, it is enriched with  $\alpha$ -Arbutin and SGS protection factors to make the complexion look brighter and more radiant.

## Products:

NEW Activation Foaming Facial Wash	100ml
NEW Activation Soothing Toner	120ml
NEW Activation Moisturizing Lotion	100ml
NEW Activation Moisturizing Eye Cream	20g
NEW Activation Moisturizing Cream	50g

**Ideal for all skin types.**

## Solutions for:

- Dullness and uneven texture
- Dryness
- Uneven skin tone

### **NEW Activation Foaming Facial Wash**

A skin-fitting sheet mask that quickly infuses revitalizing moisture into skin for a radiant, plumping, youthful-looking complexion.

**Size:** 28ml \* 5 pcs

**Highlighted Ingredients:** Hyaluronic acid, niacinamide, yeast extract.

**Ideal for all skin types, especially for dry skin.**

# Day & Night Multi-Effect HA Essence

## **Moisturizing Day Time Essence**

A serum enriched with HA composition that delivers steady hydration throughout the day.  $\alpha$ -Arbutin helps lighten dark spots and even skin tone.

## **Firming Night Time Essence**

A serum that hydrates, restores and replenishes for naturally radiant, healthier-looking skin—all while you sleep. This powerful formula works at night when skin is most receptive to repairing itself from daily aggressors.

**Size:** 15ml each

**Highlighted Ingredients:** Acetyl hexapeptide-8, hyaluronic acid, fucus vesiculosus extract, SGS protection factors,  $\alpha$ -Arbutin, panthenol.

**Ideal for all skin types.**

# Allergy-Relieving

Instant relief, constant coziness

Benefited from AH Rapidsphere™ soothing technology which employs co-delivery nanotechnology derived from the medical field, SANTEMUSE Allergy-Relieving is specifically designed for sensitive skin to replenish a powerful self-repair energy, soothing redness and protecting it from environment irritants.

## Products:

Allergy-Relieving Amino Acid Cleanser:	100g
Allergy-Relieving Soothing Toner	120ml
Allergy-Relieving Repair Essence	30ml
Allergy-Relieving Gentle Emulsion	100ml
Allergy-Relieving Gentle Cream	50ml

**Ideal for all skin types, especially for sensitive skin.**

## Solutions for:

- Dryness
- Redness
- Irritation
- Dullness and uneven texture

### **Allergy-Relieving Amino Acid Cleanser**

A soap-free, amino acid cleanser that effectively removes impurities, dirt, and grime, leaving skin soft and supple.

**Size:** 100g

**Highlighted Ingredients:** Centella asiatica extract, portulaca oleracea extract, quintuple ceramide

### **Allergy-Relieving Soothing Toner**

A lightweight moisturizing toner that relieves skin tightness, leaving it supple, moisturized to absorb the next product in your regimen.

**Size:** 120ml

**Highlighted Ingredients:** Centella asiatica extract, portulaca oleracea extract, quintuple ceramide, sodium hyaluronate, panthenol

### **Allergy-Relieving Repair Essence**

A highly concentrated serum packed with natural plant extracts to visibly calm redness and irritation, effectively protecting fragile skin. Use longer so that skin is stronger and more resilient with a healthy-looking vitality.

**Size:** 30ml

**Highlighted Ingredients:** Lavender extract, bisabolol, centella asiatica extract, portulaca oleracea extract, liquorice, quintuple ceremide.

### **Allergy-Relieving Gentle Emulsion**

A silky, multitasking moisturizer that immerses skin in intense hydration and enhances skin immunity to irritation and sensitivity.

**Size:** 100ml

**Highlighted Ingredients:** Lavender extract, bisabolol, centella asiatica extract, portulaca oleracea extract, liquorice, quintuple ceremide.

### **Allergy-Relieving Gentle Cream**

The most distinct difference between Allergy-Relieving Gentle Emulsion and Gentle Cream is that Gentle Cream has allantoin which provides richer and more intense nourishment for the skin. It can infuse skin with renewing energy stemming from AH Rapiersphere™, centella asiatica extract, and five types of ceremide.

**Size:** 50ml

**Highlighted Ingredients:** Portulaca oleracea extract, centella asiatica extract, citrus aurantium bergamia fruit oil, citrus limon peel oil, lavendula angustifolia extract, bisabolol, liquorice, quintuple ceremide, allantoin.

# SANTEMUSE
