Brief Introduction

WHO WE ARE

Founded in 1995, JINYU is a leading manufacturer specializing in developing and producing package for skin care, cosmetic, household, cleaning, personal care and perfumery products. With study of the market and customer needs, JINYU has never stopped its footprint to be at the forefront of international trends and offers a "one-stop" service to the whole world. After 25-year development, JINYU has established a stable sales network around the world. Over 95% of our products are exported to all over the world with a reputation for quality, great personal service, technical know-how and competitive price. Our goal is not only to be the supplier of customers, but to be your package designer.

WHAT WE HAVE

In order to keep the consistent and excellent quality, JINYU has its own strong and experienced R&D team. From tool making to process improvement, each procedure is systematically followed by engineers and technicians. With more than 200 sets of injection machine and 250 sets of assembly machine, we are proud that we can provide customers with daily output of 2 million pcs. JINYU has a complete management system and quality control program, so each product is under the control of QA.

WHAT WE DO

JINYU is a comprehensive supplier of household, cleaning and personal care products. Based on the JINYU's facility, we can fully meet big volume demand with flexible and short lead time. Meanwhile, JINYU also tailors to your specific needs through our designs, colors and decorations, and makes your products outstanding in the shelf. In 2005, JINYU built a new line for cosmetic package. Our aim is always to provide you with innovative package.
