## U-Shape III

**Vacuum + RF + Infrared Light +  
Focused Ultrasound+ Rollers**

One treatment one hour,  
one size smaller

**PZLASER<sup>®</sup>**

# U-Shape III

It is estimated that 80% of women  
over age 20 have cellulite worldwide.

U-Shape III is a non-invasive body contouring treatment for circumferential and cellulite reduction as well as a natural way for the Lifting and enlargement on breasts and hips.

It combines infrared light, bi-polar radio frequency energy, vacuum, focused ultrasound and mechanical rollers, which cause deep heating of the fat cells, their surrounding connective tissue and the underlying dermal collagen fibers. This type of efficient heating, vacuum and mechanical rollers stimulates the growth of new and better collagen and elastin which results in localized reduction in skin laxity, body volume, and an overall improvement in skin structure and texture.

## What can you treat with PZ **U-Shape III**?

- ✓ Cellulite&Circumferential reduction
- ✓ Face & Eyes areas anti-aging
- ✓ Buttocks lifting and enlargement
- ✓ Breasts lifting and enlargement
- ✓ Skin toning & texture improvement
- ✓ Stretch marks improvement
- ✓

## What you can expect from **U-Shape III**?

- ✓ Platform Medical CE cleared for circumferential reduction and cellulite treatment
- ✓ Treatment abdomen, buttocks or thighs in less than 30min
- ✓ One treatment protocol for visible results
- ✓ Stimulate targeted adiposities' lipolytic response
- ✓ rapidly The real alternative for non-surgical liposuction
- ✓

## The Extraordinary Science of U-Shape III?

- ✓ U-Shape III features the revolutionary combination of Bi-polar radio frequency (RF), infrared light energies, plus negative pressure and mechanical tissue manipulation.
- ✓ The synergistic combination of infrared and conducted RF energies increase the oxygen intracellular diffusion by heating the skin. Vacuum and specially designed rollers manipulate and smooth out the skin to facilitate safe and efficient energy delivery.
- ✓ The net result increases the metabolism of stored energy (lipolysis), increase lymphatic drainage and reduces or shrinks the size of the actual fat chamber.
- ✓ The results: A reduction in the circumference of the treated area and a smoother appearance of the skin's surface

## Application

- Physical therapy
- Body Contouring
- Cellulite treatment
- Lymphatic Drainage
- Skin Texture & Tone
- Stretch mark improving
- Circumference Reduction

## How is U-Shape III Different?

- The non-invasive U-Shape is the only system to combine 4 technologies creating a synergistic effect when treating the appearance of the skin.
- The unique mechanism of action of this product line enables a very safe, comfortable and effective procedure which has been proven in numerous clinical trials and in over 3.5 Million independent treatments.
- Profitable business driver - high patient demand for cellulite & body contouring treatments.
- Add more patients to your practice with short treatment sessions.
- Excellent results in just 1-3 sessions.
- Enhanced user experience with new Guided Mode Software.

## Why Choose PZ U-Shape III?

- \* 1) Motorized groove roller for inside-outside, left-right automatically with Japan "Mitsubishi" double motors.
- \* 2) The lamps on each handle are original from 'OSRAM', Germany brand.
- \* 3) External filters are very convenient for maintenance, no need to open the shell for cleaning.
- \* 4) TUV and ISO13485 cleared.
- \* 5) Five different hand-pieces for full body treatment.

### 5 Handpieces

## What will Your Patients Experience?

- \*Short treatment sessions and outstanding results, from as little as a single session
- \*Most patients find U-Shape III comfortable and describe the treatment as feeling like a warm deep-tissue massage.
- \*Treatment parameters are easily adjusted to ensure a comfortable treatment experience.
- \*Gradual smoothing of skin surface with a noticeable reduction in cellulite
- \*Circumferential reduction, with noticeable reshaping of the treated area

# Scientifically Proven Results

The safety and effectiveness of the technology of the U-Shape III system have been demonstrated in both multi-center clinical trials and in more than 3.5 million independent treatments performed on patients around the world.

The results of authority study shows:

- \* An average reduction of nearly two centimeters in thigh circumference.
- \* Most patients reported no discomfort during or following treatment.

## Who would be an ideal candidate for V-Shape III treatment?

The treatment is recommended for normal to overweight patients who suffer from unsightly cellulite in the pelvic region, around the hips, abdomen, or lower limbs.

For optimized results, these patients should also be committed to maintaining a healthy lifestyle. The treating clinician has the final determination for choosing the best candidates for the treatment.

“ I am confident that I can offer my patients a treatment that is going to improve their cellulite. In fact, V-Shape III is a great investment for building patient loyalty, while improving our medical prestige with no serious adverse effects”

Dr Jaison Emor, MD

“V-Shape is my workhorse body shaping product. It is a must have for any cosmetic or dermatologic surgeon offering surgical and non surgical body shaping” .

Dr. Todd Becker, MD

## SPECIFICATION

Radio Frequency	150W
Infrared Power	20W
Infrared Wavelength	≥850NM
Applicator Size	Large, Medium, Small, Brazilift, Cavifocus
RF Frequency	2Mhz
Roller direction	4D
Roller Speed	0-36rpm
Vacuum Pressure	-80 - 0 (KPA)
Atmospheric Pressure	86kPa~106kPa
Working Temperature	+15℃~+30 ℃
Storage Temperature	-20℃~+55℃
Relative Humidity	≤80%
Package Dimensions	120*62*60cm
Net Weight	86kg
