IT'S SO SIMPLE TO GIVE YOUR FAMILY A HAIRCUT

When tomorrow turns in today, yesterday, and someday that no more important in your memory, we suddenly realize that we're pushed to the end of time. This is not a man's world in which you may live forever, when another man goes by, it is the truth that we've all grown up. And we become different.

TASTE LIFE UNCOMMON AND TASTE LIFE

When tomorrow turns in today, yesterday, and someday that no more important in your memory, we suddenly realize that we're pushed to the end of time. This is not a man's world in which you may live forever, when another man goes by, it is the truth that we've all grown up. And we become different.
