COMPANY PROFILES

Founded in 2004, Yastrid is one of the leading global providers of plastic surgery consumables and solutions. Firmly committed to our mission of "advance plastic technologies to make beauty more accessible" we are dedicated to innovation in the fields of thread lifting, facial and body filling and skin care.

With the foundation of "Quality is our culture", Yastrid pays great attention to social responsibility with serious management and quality control, we gained good reputation and positive feedback from our customers all over the world.

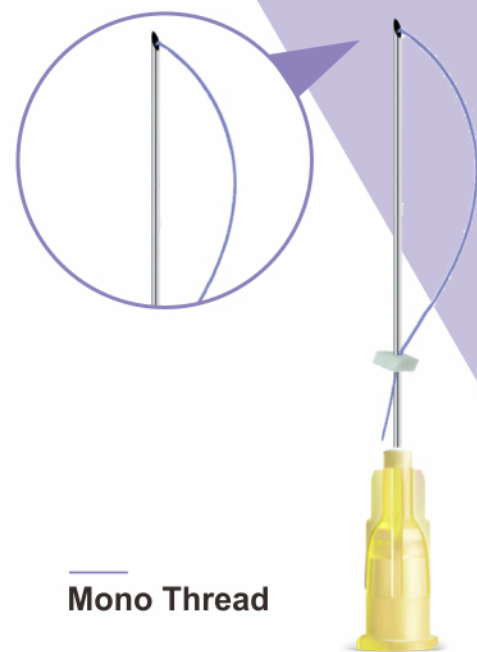

Today, Yastrid's products and services can be found in beauty facilities in over 52 countries and regions. In China, Yastrid's products and solutions can be found in nearly 11,000 beauty institutions and 83% of Class A tertiary hospitals.

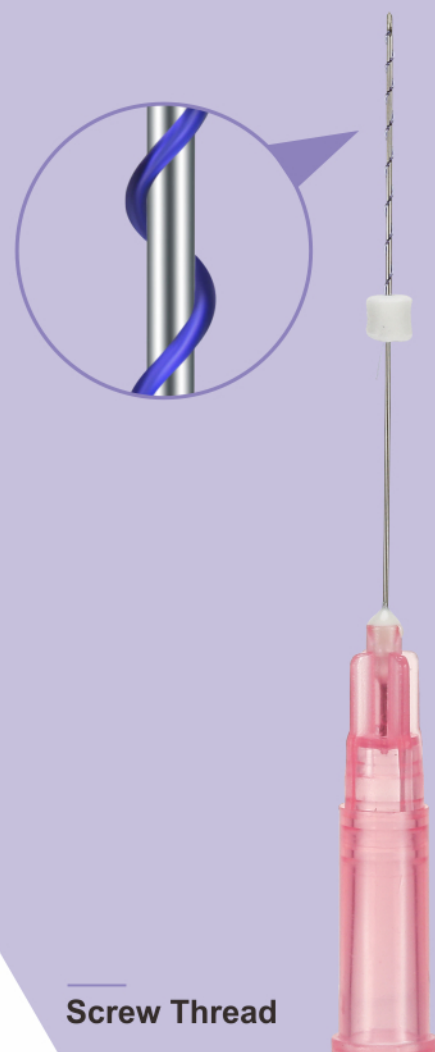

COMPANY CULTURE

Comity, Aggressive,
Sincerity And Sedulity

Inspired by the firm culture of "comity, aggressive, sincerity and sedulity", we have built an integrated management and service system which aims at providing superior products and service for our customers. We believe that our growing comprehensive portfolio of high-quality, affordable products and excellent services will allow us to make continuous efforts for human's beauty!

02\Hot Selling

Double V- Lift

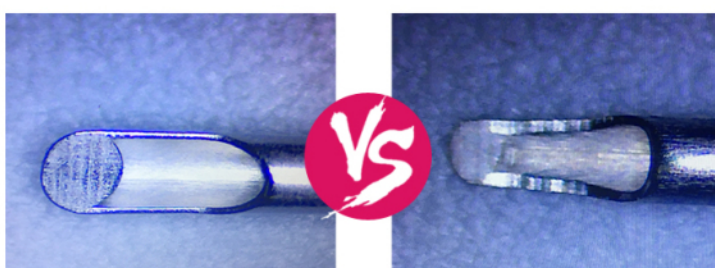

1 Barb of Cog Thread

YASTRID barb is long and smooth. Easy to hang on the skin and lasting longer time

Other company's barb is so short and curly. Difficult to hang on the skin and shorter duration

2 Cannula Tip

YASTRID cannula tip is smooth and tube wall is clean. It's easy to insert into skin and reduce pain for patient.

Other company cannula tip is crude and there are some burrs on the tube wall. Difficult to insert into skin and increase pain for patient.

3 Workshop

Yastrid workshop is 10 thousand class cleaning-room. GMP standard, more safety

Other company workshop is normal production room.

03 | Yastrid PDO thread advantages

04 | New Material

a New Milestone of Thread Lifting

More comfortable:
Softer than PDO, PLLA.
Little discomfort sense

PCL

Longer Duration:
