# Professional Hair Dryer

Sliding switch:

- ○ On/off switch
- ★ Cold air
- — Medium heat
- = Highest heat

Round nozzle    Smoothing nozzle    Styling comb nozzle    Diffuser

## Model No.: ML-M9

- AC 220~240V 50/60Hz 1000-1200W
- Ultralight professional ionic ceramic hair dryer
- Ceramic heater, harmless to hair
- Energy-saving design to save 50% energy at least
- Upgraded version with excellent performance
- Matt frosting finished body
- Fully balanced and ergonomic design
- Customized longer lifespan AC/DC motor for choice
- Any injection color
- Patented product
- Attachment: 3 nozzles and 1 diffuser in lock design

# Professional Hair Dryer

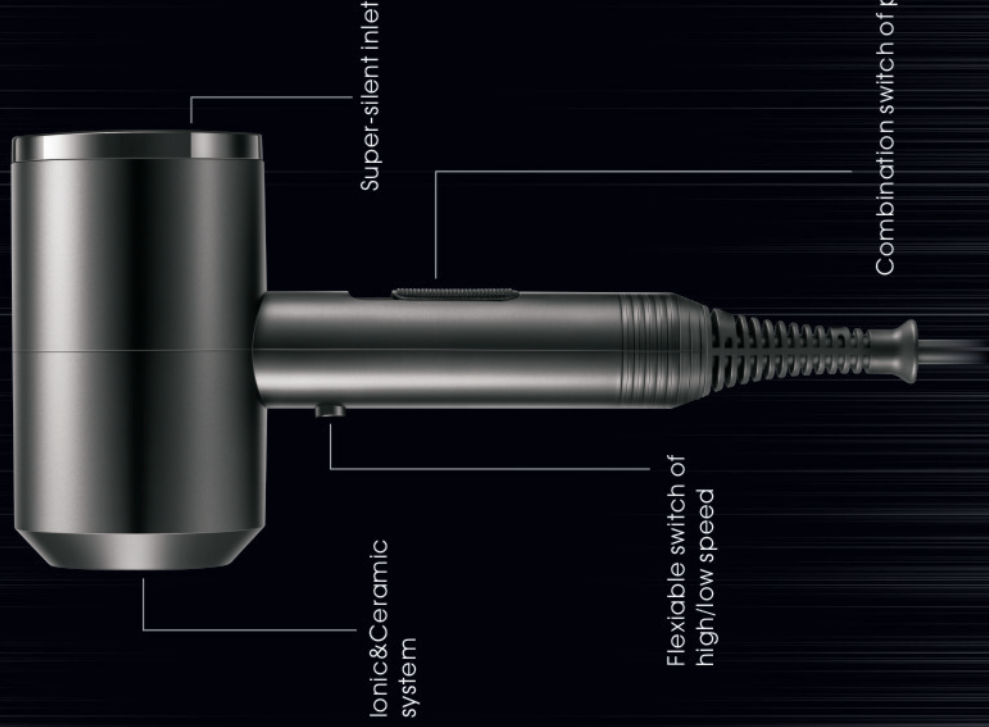

Diffuser

Styling nozzle

Smoothing nozzle

Ionic & Ceramic system

Super-silent inlet

Flexiable switch of high/low speed

Combination switch of power and gear

## Model No.: ML-M7

- AC 220~240V 50/60Hz 1000~1100W
- Professional long-life customized AC motor, 2000h
- Energy saving oriented, it can save 50% energy at least
- Unique ceramic heater will release negative ion automatically
- 2 precise speed settings and 3 precise heat settings
- Automatic power-off protection
- Any injection color
- Attachment: 2 nozzles and 1 diffuser in lock design

# Professional Hair Dryer

Excellent quality insulation of conductors

High quality, unbreakable PA materials offer a qualitative and highly durable device

The use of the most advanced AC motor ensures:  
-operation stability  
-energy saving  
-environmental protection

Cool shot button

Anti-slip design of the handle

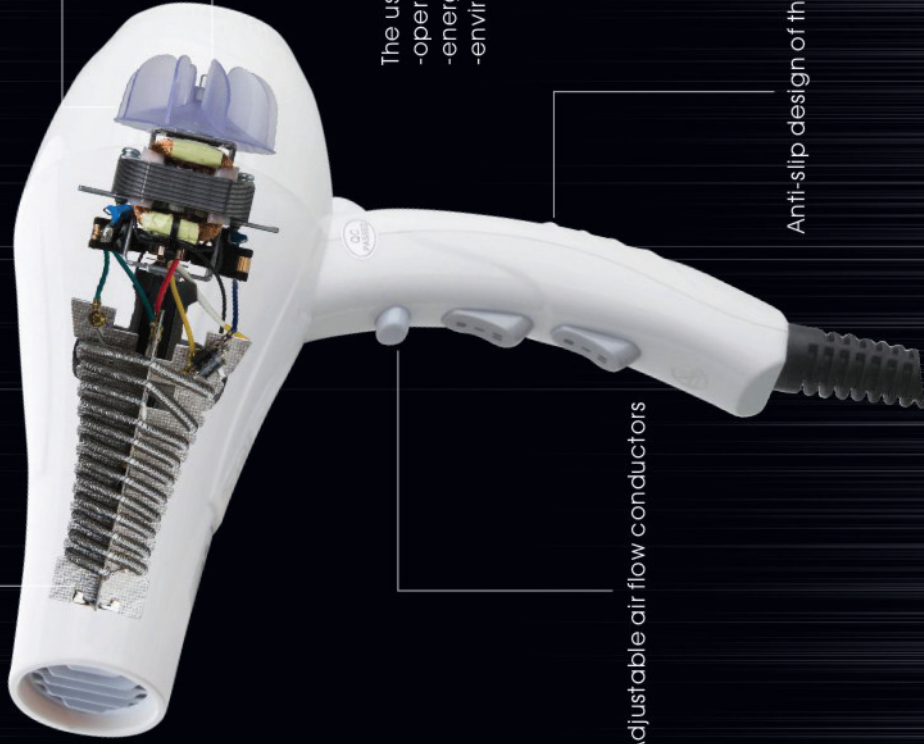

## Model No.: ML-5600

- AC 220~240V 50/60Hz 2200~2500W
- Professional customize long lasting AC motor, 2000h
- PA housing , drop-resistant and heat-resistant
- 2 speed & 3 heat settings
- Cool shot button
- Ion function
- Output 2500W, drying and styling hair in only 6 seconds
- Multiple heat protective system, made the housing cool rapidly and anti-scald
- Double cellular filter, ultra-silent
- Automatic power-off protection
- Any injection color
- Attachment: 2 professional nozzles

# Professional Hair Dryer

Excellent quality insulation of conductors

High quality, unbreakable PA materials offer a qualitative and highly durable device

The use of the most advanced AC motor ensures:  
-operation stability  
-energy saving  
-environmental protection

Adjustable air flow conductors

Anti-slip design of the handle

## Model No.: ML-5932

- AC 220~240V 50/60Hz 1900~2100W
- Professional customize long lasting AC motor
- PA housing ,drop-resistant and heat-resistant
- 2 speed & 3 heat settings
- Flexible air flow switch design
- Automatic power-off protection
- Any injection color
- Attachment: 2 professional nozzles

# Professional Hair Dryer

## Model No.:ML-K1

- 220~240V 50/60Hz 1800~2100W
- Customize longlife AC motor
- Unique beer bottle appearance
- Double anti-skid nozzle
- Sliding switch setting
- Cool shot button
- Fully balanced and ergonomic design
- Automatic power-off protection
- Any injection color
- Attachment:1 smoothing nozzle & 1 styling comb nozzle

## Model No.:ML-K2

- 220~240V 50/60Hz 1850~2150W
- Customize longlife AC motor
- High power and high temperature
- Cool air button
- Fully balanced and ergonomic design
- Automatic power-off protection
- Any injection color
- Attachment:2 customize professional nozzles

## Model No.:ML-K3

- 220~240V 50/60Hz 1850~2150W
- Customize longlife AC motor
- High power and high temperature
- Cool shot button
- Fully balanced and ergonomic design
- Automatic power-off protection
- Any injection color
- Attachment:2 customize professional nozzles

## Model No.:ML-K5

- 220~240V 50/60Hz 1800~2100W
- Customize longlife AC motor
- Ultralight design of only 450g
- Anti-skid nozzle design
- Cool air button
- Fully balanced and ergonomic design
- Automatic power-off protection
- Any injection color
- Attachment:1 smoothing nozzle & 1 styling comb nozzle

## Model No.:ML-K6

- 220~240V 50/60Hz 1900~2200W
- Customize longlife AC motor
- High power and high temperature
- Side switch for easy operation
- Fully balanced and ergonomic design
- Automatic power-off protection
- Any injection color
- Attachment:2 customize professional nozzles

## Model No.:ML-K7

- 220~240V 50/60Hz 1800~2100W
- Customize longlife AC motor
- Ultralight design
- Anti-skid nozzle design
- Cool air button
- Fully balanced and ergonomic design
- Automatic power-off protection
- Any injection color
- Attachment:1 smoothing nozzle & 1 styling comb nozzle

# Professional Hair Dryer

## Model No.:ML-5600A

- 220~240V 50/60Hz 2000W
- Professional customize longlife Johnson DC motor
- PA housing ,drop-resistant and heat-resistant
- 2 speed & 3 heat seetings
- Cool shot button
- Ion function
- Multiple heat protective system
- Double cellular filter,ultra-silent
- Automatic power-off protection
- Any injection color
- Attachment:2 professional nozzles

## Model No.:ML-5931

- 220~240V 50/60Hz 2000W
- Professional customize long lasting AC motor
- PA housing ,drop-resistant and heat-resistant
- 2 speed & 3 heat seetings
- Automatic power-off protection
- Any injection color
- Attachment:2 professional nozzles

## Model No.:ML-9100

- 220~240V 50/60Hz 2350W
- Professional customize long lasting AC motor
- Rubber painting,more comfortable and scratch resistance
- 2 speed & 3 heat seetings
- Flexible air flow switch design
- Automatic power-off protection
- Any injection color
- Attachment:2 professional nozzles

## Model No.:ML-9200

- 220~240V 50/60Hz 2300W
- Professional customize long lasting AC motor
- Rubber painting and glossy for choice
- 2 speed & 3 heat seetings
- Automatic power-off protection
- Any injection color
- Attachment:2 professional nozzles

## Model No.:ML-9300

- 220~240V 50/60Hz 2300W
- Professional customize long lasting AC motor
- Rubber painting,more comfortable and scratch resistance
- 2 speed & 3 heat seetings
- Flexible air flow switch design
- Automatic power-off protection
- Any injection color
- Attachment:2 professional nozzles

# Professional Hair Dryer

## Model No.:ML-8183

- 220~240V 50/60Hz 2300W
- Professional long lasting AC motor
- 2 speed & 3 heat settings
- Automatic power-off protection
- Any injection color
- Attachment: 1 professional nozzle

## Model No.:ML-8800

- 220~240V 50/60Hz 2300W
- Professional long lasting AC motor
- 2 speed & 3 heat settings
- Automatic power-off protection
- Any injection color
- Attachment: 1 professional nozzle

## Model No.:ML-8802

- 220~240V 50/60Hz 2300W
- Professional long lasting DC motor
- 2 speed & 3 heat settings
- Automatic power-off protection
- Any injection color
- Attachment: 1 professional nozzle

## Model No.:ML-2300A

- 220~240V 50/60Hz 2100W
- Professional long lasting AC motor
- 2 speed & 3 heat settings
- Automatic power-off protection
- Any injection color
- Attachment: 1 professional nozzle

## Model No.:ML-1116

- 220~240V 50/60Hz 2100W
- Professional long lasting AC motor
- 2 speed & 3 heat settings
- Automatic power-off protection
- Any injection color
- Attachment: 1 professional nozzle

# Professional Hair Dryer

## Model No.:ML-8700

- 220~240V 50/60Hz 2100W
- Professional long lasting AC motor
- 2 speed & 3 heat settings
- Automatic power-off protection
- Any injection color
- Attachment:1 professional nozzle

## Model No.:ML-8824

- 220~240V 50/60Hz 2100W
- Professional long lasting AC motor
- 2 speed & 3 heat settings
- Automatic power-off protection
- Any injection color
- Attachment:1 professional nozzle

## Model No.:ML-8300

- 220~240V 50/60Hz 2300W
- Professional long lasting AC motor
- 2 speed & 3 heat settings
- Automatic power-off protection
- Any injection color
- Attachment:1 professional nozzle

## Model No.:ML-6609

- 220~240V 50/60Hz 2100-2300W
- Professional long lasting AC motor
- 2 speed & 3 heat settings
- Automatic power-off protection
- Any injection color
- Attachment:1 professional nozzle

## Model No.:ML-8807

- 220~240V 50/60Hz 2300W
- Professional long lasting AC motor
- 2 speed & 3 heat settings
- Automatic power-off protection
- Any injection color
- Attachment:1 professional nozzle

## Model No.:ML-9920

- 220~240V 50/60Hz 2000W
- Professional long lasting AC motor
- 2 speed & 3 heat settings
- Automatic power-off protection
- Any injection color
- Attachment:1 professional nozzle

# Professional Hair Straightener

## Model No.:ML-686

- 220~240V 50/60Hz 45W
- Professional LCD Hair Straightener
- PTC heating elements
- LCD display
- Ceramic coating plate
- ON/OFF button for power
- “+”, “-” buttons for temperature control,max temperature 230℃
- 360°swivel power cord
- 1 Hour auto-off protection

## Model No.:ML-687

- 220~240V 50/60Hz 45W
- Professional LCD Hair Straightener
- PTC heating elements
- LCD display
- Ceramic coating plate
- ON/OFF button for power
- “+”, “-” buttons for temperature control, max temperature 230℃
- 360°swivel power cord
- 1 Hour auto-off protection

## Model No.:ML-688

- 220~240V 50/60Hz 45W
- Professional LED Hair Straightener
- PTC heating elements
- LED display
- Titanium coating plate
- Push button for power and temperature control
- Max temperature 230℃
- Indicator light
- 360°swivel power cord
- 1 Hour auto-off protection

## Model No.:ML-689

- 220~240V 50/60Hz 45W
- Professional LED Hair Straightener
- PTC heating elements
- LED display
- Titanium coating plate
- ON/OFF button for power
- “+”, “-” buttons for temperature control, max temperature 230℃
- Indicator light
- 360°swivel power cord
- 1 Hour auto-off protection

## Model No.:ML-3312

- 220~240V 50/60Hz 45W
- Professional LCD Touch Screen Hair Straightener
- MCH heating elements
- Ionic function
- Timer function,max time 120mins
- LCD display
- Titanium coating plate
- Lockable handle
- Max temperature 210℃/410°F
- 360°swivel power cord

# Professional Hair Straightener

## Model No.:ML-3313

- 220~240V 50/60Hz 45W
- Professional LCD Hair Straightener
- MCH heating elements
- Timer function,max time 120mins
- LCD display
- Titanium coating plate
- ON/OFF buton for power
- “+”,“-” buttons for temperature control,max temperature 230°C/446°F
- 360°swivel power cord
- 1 Hour auto-off protection

## Model No.:ML-3315

- 220~240V 50/60Hz 45W
- Professional LED Hair Straightener
- MCH heating elements
- Timer function,max time 120mins
- LCD display
- Titanium coating plate
- ON/OFF buton for power
- “+”,“-” buttons for temperature control, max temperature 210°C/410°F
- Temperature lock for misoperation
- 360°swivel power cord
- 1 Hour auto-off protection

## Model No.:ML-826

- 220~240V 50/60Hz 95W
- Professional LCD Hair Straightener
- PTC heating elements
- LCD display
- Titanium ceramic coating plate
- ON/OFF buton for power
- “+”,“-” buttons for temperature control,max temperature 220°C
- 360°swivel power cord
- 1 Hour auto-off protection

## Model No.:ML-3300

- 220~240V 50/60Hz 45W
- Professional LED Hair Straightener
- PTC heating elements
- LED display
- Titanium coating plate
- Floating plate
- ON/OFF buton for power
- “+”,“-” buttons for temperature control, max temperature 240°C
- 360°swivel power cord
- 1 Hour auto-off protection

## Model No.:ML-3307

- 220~240V 50/60Hz 45W
- Professional LED Hair Straightener
- PTC heating elements
- LED display
- Titanium coating plate
- Push buton for power and temperature control
- Max temperature 220°C
- Indicator light
- 360°swivel power cord
- 1 Hour auto-off protection

# Professional Hair Straightener

## Model No.:ML-3393

- 220~240V 50/60Hz 45W
- Professional Hair Straightener
- PTC heating elements
- Ceramic coating plate
- ON/OFF button for power
- Max temperature 220°C
- Indicator light
- 360°swivel power cord
- 1 Hour auto-off protection

## Model No.:ML-3366

- 220~240V 50/60Hz 45W
- Professional LED Hair Straightener
- PTC heating elements
- LED display
- Tourmaline coating plate
- Push button for power and temperature control
- Max temperature 220°C
- Indicator light
- 360°swivel power cord
- 1 Hour auto-off protection

## Model No.:ML-318

- 220~240V 50/60Hz 45W
- Mini Hair Straightener
- PTC heating elements
- Ceramic coating plate
- Flat and corn plate for choice
- ON/OFF button

## Model No.:ML-319

- 220~240V 50/60Hz 45W
- Mini Hair Straightener
- PTC heating elements
- Ceramic coating plate
- Flat and corn plate for choice
- ON/OFF button with power light
- Lockable handle
- 360°swivel power cord

## Model No.:ML-2001

- 220~240V 50/60Hz 45W
- Mini Hair Straightener
- PTC heating elements
- Ceramic coating plate
- Flat and corn plate for choice
- Push button

# Professional Hair Curler

## Model No.:ML-L3

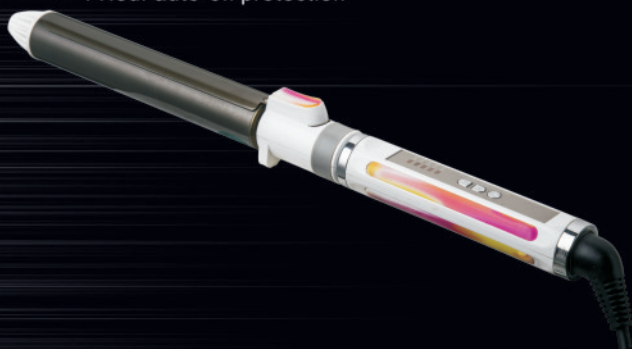

- 220~240V 50/60Hz 65-85W
- Professional LCD Hair Curler
- LCD display
- Light weight&heat up fast
- 360°cycle heating,more even heat
- Ceramic coating plate
- Max temperature 230°C
- 25# 28# 32#, different size for choice
- Temperature lock for misoperation
- 360°swivel power cord
- 1 Hour auto-off protection

360° cycle heating

## Model No.:ML-3510

- 220~240V 50/60Hz 65W
- Professional LED Hair Curler
- PTC heating elements
- LED display
- Ceramic coating plate
- Max temperature 230°C
- 22# 25# 28# 32#,different size for choice
- 360°swivel power cord
- 1 Hour auto-off protection

## Model No.:ML-3500

- 220~240V 50/60Hz 65W
- Professional LCD Hair Curler
- PTC heating elements
- LED display
- Ceramic coating plate
- Max temperature 230°C
- 22# 25# 28# 32#,different size for choice
- 360°swivel power cord
- 1 Hour auto-off protection

## Model No.:ML-3350/3350Y

- 220~240V 50/60Hz 65W
- Professional Hair Curler
- PTC heating elements
- Ceramic coating plate
- Max temperature 220°C
- 22# 25# 28# 32# 38#, different size for choice
- 360°swivel power cord
- 1 Hour auto-off protection

## Model No.:ML-3360/3360Y

- 220~240V 50/60Hz 65W
- Professional Triple Barrel Curler
- PTC heating elements
- Ceramic coating plate
- Max temperature 220°C
- 19# 25# 28# 32#, different size for choice
- 360°swivel power cord
- 1 Hour auto-off protection

## Model No.:ML-216
