

## SPECIFICATION

品 名: 隱 形 宝 立 得 丝™

Product name: **INVISIBLE FACE MASK SHEET -Lead Cell™**

规 格 Specifications		技术参数 Technical Data	
克 重 Grammage	28gsm	干态横向强力 (N/5cm) Dry transverse strength	50
外观结构 Structure	平纹 Plain Pattern	干态纵向强力(N/5cm) Dry longitudinal strength	60
颜 色 Color	白色 White	吸液率(%) Liquid absorption rate	1050
原 材 料 Raw materials	100%莱赛尔纤维 100% Lyocell		

**Application:** Non-woven fabric / raw sheet for facial mask

**Remarks:** No support film need for this mask sheet.

### Performance and Features:

Lead Cell™ is our registered trade name. This mask sheets is not only with excellent invisibility, but also has outstanding stiffness though it's very thin and soft. This mask sheet is made of 100% Lyocell. It's almost invisible after the face mask is applied onto the face. The mask sheet is excellent in softness, water absorption and water permeability, ensuring that the essence is better absorbed by the human skin.

- ◆ **Softness:** The sheet has good softness without losing the stiffness. It can closely fit the skin and cover the skin's grooves.
- ◆ **Smoothness:** The surface is delicate, smooth and excellent sense of touch.
- ◆ **Skin-fitness:** It has excellent skin-fitness than common mask sheets.
- ◆ **Cost-saving:** It doesn't need support film though it's only 28gsm. Therefore, it's the most cost-saving invisible mask sheets.
