BEAUTY & PERSONAL CARE

Facial brush

Description:

1. Exfoliates the skin, cleanses and shrinks pores, reduces oily skin, and helps with peeling and pimples
2. Smooth skin, makes the skin younger
3. To promote the absorption of skin care products
4. The effect is very mild, so you can use it twice per day
5. It can be used in the bathroom
6. The bristles are extremely mild, the bristles are designed with non-porous surfaces, so the bacteria attaches easily and it's easy to clean. The brush head can be replaced once every three months.

Facial brush

Cleanser application

- Removes makeup 3X better than manual cleansing.
- Enhance the absorption of your next skin care step.
- Gently exfoliation to refine the skin and helps polish away the look of past skin damage for a more even-looking complexion.
- Softens the appearance of lines and wrinkles.

Normal skin brush

- The normal brush head provides a gentle yet thorough cleanse for all skin types, and the soft bristles that gently massage and cleanse the skin.
- For normal, combination or oily skin

Sensitive skin brush

- Gentle deep cleansing for healthy looking skin with finer, even softer bristles for a more gentle cleanse.
- For normal to sensitive skin.
