XPRE055

IPL Hair Removal Device

Specifications

Name:	IPL Hair Removal Device
Model:	XPRE055
Technology:	Intense Pulsed Light (IPL)
Energy:	2.5~5j/cm²
Input:	AC100V-240V 50/60Hz
Output:	12V-3.0A
Level:	Auto-Sensor
Flash:	500,000 times
Light Head:	Replaceable
Light Tube:	Quartz Tube

Features:

- 100% no light leakage ensures safe use
- 300,000 flashes provides long-time use
- 5 levels of light energy meet different needs
- Skin tone sensors avoid misoperation
- Ergonomic design delivers comfortable use
- Easy to operate by oneself at home

XPRE119

Heating Facial Cleansing Brush

Specifications

Name:	Heating Facial Cleansing Brush
Model:	XPRE119
Material:	ABS + PC + Silicone
Battery Capacity:	800mAh
Input:	5V/1A
Output:	2.6W
Charging Time:	2 Hours
Working Time:	2 Hours
Vibration:	9900RPM±10% times/min. Max

Features:

- 2 Modes: Clean with heating or without heating according to your needs
- Heating Function: Speeds up the opening process of pores for quick clean
- 5 Intensities: Provides a suitable intensity for all skin types, even sensitive skin
- Smart Memory: Automatically choose your last used mode and intensity
- Wireless Charging: Convenient to recharge the device by simple contact
- Handle Design: Provides firm hold and more comfortable using experience
- Seamless Waterproof: IPX7 waterproof of whole body, safer to use
- Massage Pattern: Exfoliates skin and helps skin absorb more nutrients

XPRE124  
Mini Nose & Ear Hair Trimmer

Specifications

Name:	Mini Nose & Ear Hair Trimmer
Model:	XPRE124
Material:	Cutter Head - stainless steel Device Body - metal material
Number of Attachments:	2pcs
Power Supply:	1 * AAA Battery (not included)
Rotating Speed:	8800RPM±10%

Features:

- Multi-Purpose: Solves nose/ear hair problems in one kit
- Safety: Adopts innovative guard system to prevent any cuts
- Effective: Provides fast smooth trimming without pulling hairs
- Waterproof: Whole body waterproof design for durable use
- Silent: Produces low noise when working for comfortable use
- Pleasant: The slim metal body feels great when holding
- Portable: Compact and lightweight body for easy travel

Eyebrow Hair Trimmer

Specifications

Name:	Eyebrow Hair Trimmer
Model:	XPRE125
Material:	Cutter Head - stainless steel Device Body - metal material
Number of Attachments:	2pcs
Power Supply:	1 * AAA Battery (not included)
Rotating Speed :	8800RPM ± 10%

Features:

- Eyebrow Trimmer
- Safe: Adopts innovative guard system to prevent any cuts
- Effective: Provides fast smooth trimming without pulling hairs
- Waterproof: Whole body waterproof design for durable use
- Silent: Produces low noise when working for comfortable use
- Pleasant: The slim metal body feels great when holding
- Portable: Compact and lightweight body for easy travel

XPRE115

Ion Cleansing & Infusing & Cooling Device

Specifications

Name:	Ion Cleansing & Infusing & Cooling Device
Model:	XPRE115
Material:	ABS + PC + Aluminum
Battery Capacity:	2000mAh
Charging Time:	5 Hours (approx.)
Working Time:	Cool Mode - 2 Hours (approx.) Other Modes - 5 Hours (approx.)
Input Current:	5V/500mA
Output Power:	MAX 11W

Features:

- Customized: Comes with 4 modes and 5 intensities to meet different needs
- Effective: Constant heating and high frequency vibrations for deeper clean and fuller absorption
- Special: Special cool head helps to shrink the pores, soothe and calm the skin
- Smart: Smart LCD screen shows battery life, mode and intensity clearly and directly
- Eco-Friendly: Built-in 2000mAh lithium battery supports long runtime, USB rechargeable
- Attentive: Low battery reminder help recharge the device in time, no interruption during use

Multifunctional Home-Use RF Beauty Device

Specifications

Name:	Multifunctional Home-Use RF Beauty Device
Model:	XPRE063
Battery Capacity:	1600mAh
Mode Available:	Four Modes
Charging Method:	Wireless Charging

Features:

- 4 modes help solve various skin problems
- 4 levels ensure suitable intensity for all skin types
- Special attachment ring makes the use more convenient
- Automatic mode timer effectively prevents overuse
- 1.3-inch OLED screen show all information clearly
- 1600mAh lithium battery supports long runtime
- Elegant appearance makes it a great gift choice

XPRE120

Mini Facial Cleansing Brush

Specifications

Name:	Mini Facial Cleansing Brush
Model:	XPRE120
Material:	ABS +PC +Silicone
Battery Capacity:	250mAh
Input:	5V/1A
Output:	0.25W
Charging Time:	1 Hours
Working Time:	1 Hours
Vibration:	9900RPM±10% times/min. Max

Features:

- Button Layout: Makes the operation easier and faster
- Kinds of Bristles: Designed to clean different facial zones
- Clean Modes: Meet different needs of all skin types
- Portable Size: A great companion when on the go
- Silicone Body: Food-grade material causes no irritation
- Contact Charging: Convenient to charge by simple contact
- Waterproof: IPX7 waterproof grade ensures safe use

Silicone Facial Cleansing Brush

Specifications

Name:	Silicone Facial Cleansing Brush
Model:	XPRE049
Charging Cable:	Mico USB
Charging Voltage:	5V
Charging Current:	250mA
Working Current:	250mA
Output Power:	0.4 W
Battery Capacity:	300mAh
Charging Time:	2 Hours
Working Time:	3 Hours
Vibration:	9900RPM±10% times/min. Max

Features:

- Quickly remove oil, dirt, makeup residue and dead skin cells
- Make your daily cleansing routine easier and faster
- Relieve skin fatigue and improve skin complexion
- Food-grade material causes no irritation to skin
- IPX7 waterproof design for convenient and safe use
- Easy to put the compact device in your bag for travel

XPRE202

Blackhead Remover with Blue Light

Specifications

Name:	Blackhead Remover with Blue Light
Model:	XPRE202
Charging Voltage:	5V
Charging Current:	400mA
Working Current:	Max500mA
Power:	1.8W
Battery Capacity:	600mAh
Charging Time:	2.5 Hours
Working Time:	2.5 Hours

Features:

- LCD Screen: Clearly show the mode and battery life, convenient and elegant
- Lasting Battery: Allow using for about 3 weeks between charges
- Ergonomic Design: fit snugly into your hand with a nice grip
- Purify Pores: Effectively remove blackheads, dirt, excess oil and unclog pores
- Exfoliate Skin: Smooth and rejuvenate skin
- Tighten & Lift: Tighten and lift loose skin, reduce fine lines
- Blue Light: Helps to shrink pores and diminish inflammation
- Color: Black and white available (other color can be customized)

XPRE111

Blackhead Remover with LED Screen

Specifications

Name:	Blackhead Remover with LCD Screen
Model :	XPRE111
Charging Cable:	USB-Micro
Charging Voltage:	5V
Charging Current:	300mA
Working Current:	Max 500mA
Output Power:	1.8W
Battery Capacity:	600mAh
Charging Time:	2.5 Hours
Working Time:	2.5 Hours

Features:

- Effective to Use: Medical grade air pump removes blackheads unclogs pores, exfoliates skin, tightens skin and reduces fine lines
- Safe to Use: Gentle enough for even sensitive skin; dual seal rings keep the probe securely on the device when use to avoid any injuries
- Convenient to Use: Come with 1 button, 3 clean modes,
- LED screen and battery lasting about 3 weeks on a single charge, low noise produced
- Comfortable to Use: Ergonomic design makes the angle of the probe conform to the face curve, and the body of the device fit snugly into hand

XPRE027

Blackhead Remover  
with Blue Light

Specifications

Name:	Blackhead Remover with Blue Light
Model:	XPRE027
Charging Cable:	USB-Micro
Charging Voltage/Current:	5V/1A
Charging Current:	350mA
Working Current:	300mA
Output Power:	1W
Battery Capacity:	800mAh
Charging Time:	3 Hours
Working Time:	3 Hours

Features:

- Blue light: Remove excess oil, shrink pores, and reduce acne
- Imported air pump: Strong suction, easy to remove blackheads
- Three levels of suction: Gentle enough for all skin types
- Four probes: Remove blackheads/grease, lift and tighten skin
- Built-in li-battery: Use for 3 weeks on a single charge

Specifications

Name:	Wireless Rechargeable Blackhead Remover
Model:	XPRE037
Charging Cable:	Wireless Charging
Charging Voltage:	5V
Charging Current:	100mA
Working Current:	300mA
Output Power:	1W
Battery Capacity:	800mAh
Charging Time:	15 Hours
Working Time:	2.5 Hours

Features:

- Smart memory chip memorizes your last choice every time
- Wireless charging base makes charging more convenient
- LED spotlight helps to target the blackheads and acne
- Imported air pump with strong suction to easily remove blackheads
- 4 levels of suction for all skin types, even the sensitive skin
- Equipped with four probes and each has a special function

XPRE052

Wireless Acne Light Therapy Device

Specifications

Name:	Wireless Acne Light Therapy Device
Model:	XPRE052
Charging Mode:	Wireless Charging
Charging Voltage:	5V
Charging Current:	100mA
Working Current:	550mA
Battery Capacity:	2000mAh
Output Power:	2.5W
Charging Time:	25 Hours
Working Time:	4 Hours

Features:

- 36 nano led light: 24 blue light & 12 red light
- 70° light therapy head: Larger therapy area and stronger light energy
- Automatic contact sensor: Reduce the irritation to eyes, safe to use
- Built-in li-battery: No need to plug in when use, more freedom
- Wireless charging base: Put it on the base to start charging immediately
- Low battery reminder: Beep when lack of power, convenient to use
- Portable design: Compact and elegant, use anywhere at any time

XPRE001

Electric Nose Trimmer

Specifications

Name:	Electric Nose Trimmer
Model:	XPRE001
Waterproof Grade:	No Waterproof (Blade can be washed)
Charging Mode:	AA Battery (Not Include)
Color:	Black
Material:	ABS
Product Weight:	41g
Product Size:	127x26.9x25.9mm
Rotating Speed :	7800RPM±10%

Features:

- Sharp stainless steel blades
- Powerful Motor 7800 RPM
- Trim variety of facial hairs
- Washable cutter head, easy to clean
- Driven by only one AA battery
- Light in weight, compact to carry

Patent

XPRE121

Rechargeable Eyebrow Trimmer

Specifications

Name:	Rechargeable Eyebrow Trimmer
Model:	XPRE121
Material:	Main Body -- ABS + PC Cutter Head -- Stainless steel
Battery Capacity:	280mAh
Input:	1.5V/1A
Output:	0.4W
Rotating Speed :	8800RPM±10%

Features:

- Eco-Friendly: USB rechargeable, energy-saving and environmental friendly
- Safe: The protective cover prevents blades from directly contacting the skin
- Smooth: Sharp stainless steel blades remove unwanted hairs quickly and smoothly
- Clear: Bright LED light helps to see and remove the finest brow hairs
- Sanitary: Detachable cutter head can be directly rinsed under the faucet
- Portable: Light in weight and small in size, easy to take with you anywhere

XPRE078

Electric Eyebrow Trimmer

Specifications

Name:	Electric Eyebrow Trimmer
Model:	XPRE078
Charging Mode:	AA Battery (Not Include)
Output Power:	0.4W
Rotating Speed:	8800RPM±10%

Features:

- Safe and effective to use
- Simple design for easy operation
- Light in weight and small in size
- Fashionable body design
- Convenient to rinse under the faucet

XPRE073

Mini Electric Hair Remover

Specifications

Name:	Mini Electric Hair Remover
Model:	XPRE073
Charging Mode:	AA Battery (Not Include)
Material:	ABS
Rotating Speed:	7800RPM±10%

Features:

- The protective cover prevents blades from injuring the skin
- Light in weight and small in size, easy to take with you
- Ergonomic design of the device body gives a nice grip feeling
- High quality stainless steel is safe to use on most skin types
- Detachable cutter head can be directly rinsed under the faucet

XPRES116

Rechargeable Eye Massager

Specifications

Name:	Rechargeable Eye Massager
Model:	XPRES116
Body Material:	ABS
Battery Capacity:	600mAh
Charging Voltage:	5V
Charging Time:	2 Hours
Input Current:	270mA
Output Power:	Max 2.5W
Vibration:	13000 times/min.

Features:

- Constant Heating: 20/40/42°C temperature modes, meet different needs
- Micro Vibration: 13,000 times/min high frequency, lift and massage skin
- Beauty Light: Blue, yellow and red beauty lights, care about your skin
- Fast Heating: Reach the setting value in 15 seconds
- Smart Memory: Automatically select your last choice, more convenient
- Smart Induction: Contact between hand and induction strip activates device
- Auto Shutdown: Auto off after 5 minutes left

Model:	XPRES118
Body Material:	ABS
Power Supply:	1 * AA battery (not included)
Output Power:	Max 0.05W
Vibration:	13000 times/min.

Features:

- Micro Vibration: 13,000 times per minute, effectively lift and massage skin
- Large Massage Head: Provide large massage area with a diameter of 2cm/0.8in
- Smart Induction: Contact between hand and induction strip activates the device
- Cordless Operation: Driven by one AA battery, no messy charging cables

XPRE060

Facial Light Therapy Mask

Specifications

Name:	Facial Light Therapy Mask
Model:	XPRE060
Charging Cable:	Type-c
Charging Voltage:	5V
Charging Current:	900mA
Working Current:	380mA
Battery Capacity:	2000mAh
Output Power:	3W
Charging Time:	3.5 Hours
Working Time:	2.5 Hours
LED Lights:	42 Pieces SMD3528

Features:

- 21 Blue light and 21 red light work together to make faster effect
- Whole face treatment in one step for convenient use
- Blue light (415nm) diminishes inflammation and eliminates acne bacillus
- Red light (635nm) soothes inflammation and enhances cell vitality

Specifications

Name:	Beauty Light Therapy Mask
Model:	XPRE123
Mask Material:	PET +ABS +Metal
Power Supply:	Power Bank, Adapter, etc
Input:	5V/1A
Output:	5V/1A
LED Lights:	100 Pieces SMD3528

Features:

- Quantity : 100 pieces LED light
- Customizable: Comes with three kinds of LED lights for different needs
- Effective: Strong light energy delivers effective therapy effect
- Easy: Covers whole face, connect with power supply for instant use
- Safe: Chemical-free & UV-free, gentle enough for sensitive skin
- Elegant: Simple and elegant appearance design, nice gift choice

XPRE017

UV/LED Nail Dryer

Patent

Specifications

Name:	UV/LED Nail Dryer
Model:	XPRE017
Charging Mode:	DC Charging
Output Power:	48W
LED Lights:	26Pieces SMD5050

Features:

- Dual light source UV/LED (365+405nm)
- 26 lights are evenly distributed for all directional dry
- Dry a variety kinds of gel polishes
- Do no harm to eyes or hands
- Automatic sensor switch
- 48W high power for fast drying
- Detachable base, sanitary to use

Patent
