OUR ORIGIN

TOUCHBeauty is an international brand established in 1999 and registered in the UK and other 53 countries and regions. With 20 years' experience in the beauty industry, TOUCHBeauty has been focusing on design, research & development, marketing, and sales of Beauty & Personal Care Devices.

In 1999, TOUCHBeauty invented the first Heated Eyelash Curler starting the company's keen for technological innovation. In 2002, developed a mascara warmer; in 2003, developed a LED makeup mirror; in 2004, developed the first rotating facial cleanser.

Nowadays, TOUCHBeauty has six product categories covering Facial Care, Body Care, Head Care, Makeup Accessories, Pedicure/Manicure, and Men's Care. We always pursue the development of modern technology, innovation, and global recognition. TOUCHBeauty is recognized as the Expert in Beauty & Personal Care Devices in more than 80 countries.

PROFESSIONAL AND INNOVATIVE R&D TEAM

TOUCHBeauty has a professional R&D team with more than 50 professionals, and launches every year more than 30 products. The team has worked hard to realize more than 170 independent intellectual patents. We give great importance to independent technological innovation, and actively protect intellectual property rights. We constantly develop professional Beauty & Personal Care Devices that exceed customers' expectations.

BRAND DEVELOPMENT

In recent years, TOUCHBeauty brand products are available in the United Kingdom, Japan, United States, Germany, France, Italy, the Netherlands, Spain, Australia, Russia, South Korea, Taiwan, Malaysia, Central America, and other countries and regions through multi-sales channels.

TOUCHBeauty has established professional relationships with Cathay Pacific, Lufthansa, Trony, Francfranc and other international well-known brands, and became a long-term and strategic partner of NITORI, Brookstone, TJ Maxx, Walmart and other retail giants. High-quality products, constant innovation, and cooperation with outstanding people and brands help us to make TOUCHBeauty a world-famous brand.

OUR MISSION

Our mission is to provide valuable services of healthy beauty care solutions for everyone.

Our vision is to constantly be the Leader of Beauty & Personal Care Devices industry. In the future, TOUCHBeauty will constantly enhance the brand influence, helping people to feel their beauty from the inside out.

At-home beauty devices are indispensable in any skincare routine, providing a beautiful and flawless skin. As an Expert in Beauty & Personal Care Devices, TOUCHBeauty offers a vast selection of products to suit different needs that range from Facial Care, Body Care, and Head Care to Makeup Accessories and Men's Care.

ADVANCED ELECTRIC FACIAL CLEANSER

TB1760

92x93x145 mm

Patent No: ZL201830166562.2

PERFECT DEVICE FOR SUPPLE & RADIANT SKIN

Efficient cleansing is the foundation for healthy and radiant skin. This innovative dual-mode cleansing device is the first brush that oscillates and rotates. This device deeply cleanses and exfoliates the skin providing a radiant complexion.

360° rotation effectively cleanses and exfoliates the skin
6° oscillation provides a gentle and non-irritating cleansing experience

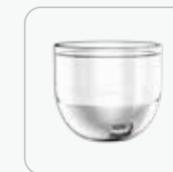

Three adjustable speed settings adapt to different needs

90s smart auto-timer provides precise cleansing cycle

Smart pressure sensor prevents using excessive force while using the device

Multi-functional wireless charging base, also works as a cap to prevent dust

Low battery alarm: the flickering red light reminds the user to charge the device

WATERPROOF: IPX6

Charging Base + USB

HOT/COOL SKIN DEVICE

TB1589

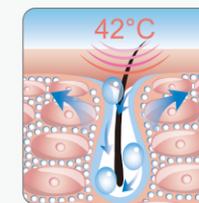

75x82x190 mm

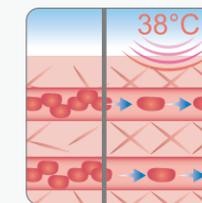

Patent No: ZL201530349714.9

WARM & COOL TREATMENT TO REVEAL SKIN'S BEAUTY

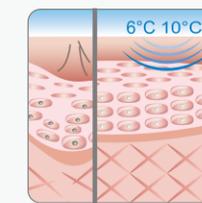

The Hot/Cool Skin Device with two massage heads combines warm/cool treatment with sonic vibration to soothe, revitalize, and rejuvenate the skin.

42°C face warm treatment opens pores, increases blood circulation, and boosts the absorption of skincare products

38°C eye warm treatment increases blood circulation, relieves eye fatigue, and removes dark circles

6°C face & 10°C eye cold treatment diminishes the appearance of pores, locks in nutrients and moisture, tightens the skin and smooths fine lines

Double-sided heads: features one face massage head and one small head for eye & lip care

18000 vibrations/min: increases blood circulation, soothes the face and the eyes
