KAMES

HAIR DRYER STRAIGHTENING BRUSH

WITH BREAKTHROUGH TECHNOLOGY MIX HAIR DRYER
AND HAIR STRAIGHTENER INTO ONE

Hot Air Outlets

Heat Brush Bristles

Scald-proof & Detangle
Hair Bristles

Working Principle:

Low speed hot wind, 260W. For child and soft people to make hair dryer, smooth and fluffy.

Top-Speed Styling Mode. High speed hot wind, 460W, 180°C/360°F heat bristle, ionic and far infrared still working.

Equal with the straightener brush, 210°C/410°F, 10000000cm³ ionic releasing out and far infrared, no wind feeling.

PRO FLAT IRON

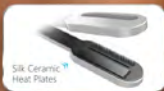

WITH OIL SHINE INFUSION THERAPY TECHNOLOGY

High Technology

Essential Oil Mist Vent

Silk Ceramic Heat Plates

Bristle Design

Working Principle:

- When the flat iron straightens hair, opening the scale of the hair. Meanwhile the haircare essential oil infuses into hair instantly.
- During the hair cooling time, the haircare essential oil will be locked into the hair.
- This Unique combination dramatically improves hair's health, adds shine and elasticity, makes hair more silky and soft.
