# Intelligent Brushless M1

## The Industry Records :

- The First nail drill with magnetic induction infinitely adjustable speed control system
- The First nail drill with Metal Film Display Screen
- The First nail drill with "stand-by time more than half an hour, automatic shutdown"
- The thinnest and smallest foot-pedal with Silica gel material
- Standard configuration
- 1. Speed: 0-36000rpm
- 2. Cruise control : 12000rpm or 24000rpm
- 3. Bearing: import Japan NSK
- 4. Motor: a dynamically tuned coreless brushless, needn't carbon brush, life is more than 10000 hours
- 5. The coaxiality is less than 0.02mm
- 6. Handpiece: Ultra Smooth / Quiet / Vibration Free Locking chuck  
size: 135\*Ø21mm ( 5.3\* Ø 0.82" ), weight: 155g ( 5.5 oz.)
- 7. Control box with touch induction switch: Size: 81\*81\*40mm ( 3.19\*3.19\*1.57" )
- 8. When the standby time exceeds half an hour, the machine will shut down automatically.
- 9. Automatic safely overload protection and short Circuit Protection Function
- 10. Foot-pedal: Silica gel material: height is only 18 mm, size: 100\*60\*18mm(3.9\*2.36\*0.7"), with Fixed-speed cruise and intelligent program control
- 11. Certifications: PSE, UL, GS, CE
- 12. 16pcs/carton: GW: 16kgs, NW: 15kgs, Size of carton: 33.8\*25.5\*47.5cm

**Price: 43\$**

# Rechargeable Brushless M2

## The Industry Records :

- The First nail drill with separable control box, easy to charge and replace battery independently
- The First nail drill with Metal Film Display Screen
- The First nail drill with “intelligent power saving” function: when the standby time exceeds 30 seconds, the machine will be dormant except the “MicroDrill” brighting
- The First nail drill with “Emergency stop “ function
- The thinnest and smallest foot-pedal with Silica gel material

• Standard configuration

• 1. Speed: 0-36000rpm

• 2. Cruise control : 12000rpm or 24000rpm

• 3. Bearing: import Japan NSK

• 4. Motor: a dynamically tuned coreless brushless, needn't carbon brush, life is more than 10000 hours

• 5. The coaxiality is less than 0.02mm

• 6. Handpiece: Ultra Smooth / Quiet / Vibration Free Locking chuck

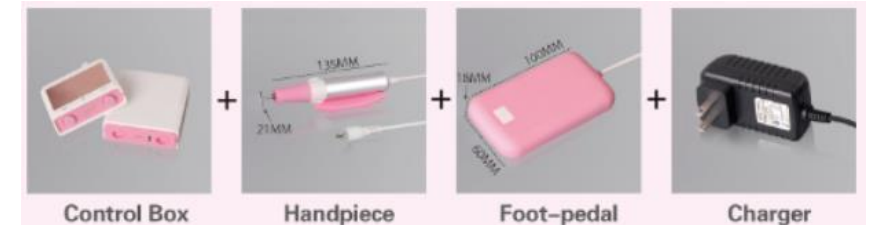

size: 135\*Ø18.5mm ,weight: 150g

• 7. Automatic safely overload protection and short Circuit Protection Function

• 8. Foot-pedal: Silica gel material: height is only 18 mm,size: 100\*60\*18mm(3.9\*2.36\*0.7"), with Fixed-speed cruise and intelligent program control

• 9.Certifications: PSE,UL,GS,CE

• 10. 16pcs/carton: GW: 16kgs, NW:15kgs , Size of carton: 33.8\*25.5\*47.5cm

**Price: 50\$**

# Mini-portable Brushless M4

- Standard configuration
- 1. Speed: 0-36000rpm
- 2. Bearing: import Japan NSK
- 3. Motor: a dynamically tuned coreless brushless, needn't carbon brush, life is more than 10000 hours
- 5. The coaxiality is less than 0.02mm
- 6. Handpiece: Ultra Smooth / Quiet / Vibration Free Locking chuck  
size: 135\*Ø18.5mm ,weight: 150g
- 7. Intelligent overload protection and self-recovery
- 8. Size of control box: 120 \*63\*25mm
- 9. LCD Screen
- 10.Certifications: PSE,UL,GS,CE
- 11. 24pcs/carton: GW: 15kgs, NW:14.4kgs  
Size of carton: 50\*26.3\*28.2cm

**Price: 39\$**

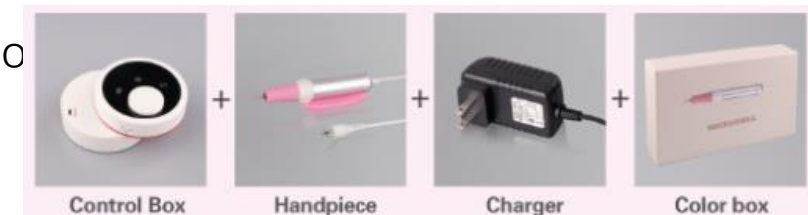

# Separable Brushless M5

## The Industry Records :

- The First nail drill with separable control box, easy to charge and replace battery independently
- The First nail drill with “intelligent power saving” function: when the standby time exceeds 30 seconds, the machine will be dormant except the “MicroDrill” brighting
- Standard configuration
- 1. Speed: 0-36000rpm
- 2. Cruise control : 12000rpm or 24000rpm
- 3. Bearing: import Japan NSK
- 4. Motor: a dynamically tuned coreless brushless, needn't carbon brush, life is more than 10000 hours
- 5. The coaxiality is less than 0.02mm
- 6. Handpiece: Ultra Smooth / Quiet / Vibration Free Locking chuck  
size: 135\*Ø18.5mm , weight: 133g
- 7. Control box with touch induction switch: Size: 93\*93\*45mm
- 8. Full enclosed panel to eliminate dust
- 9. Non-contact magnetic induction speed regulation
- 10. Automatic safely overload protection and short Circuit Protection Function
- 11. Certifications: PSE,UL,GS,CE
- 12. 16pcs/carton: GW: 16kgs, NW:15kgs , Size of carton: 33.8\*25.5\*47.5cm

Price : 50\$

# Dust collectors

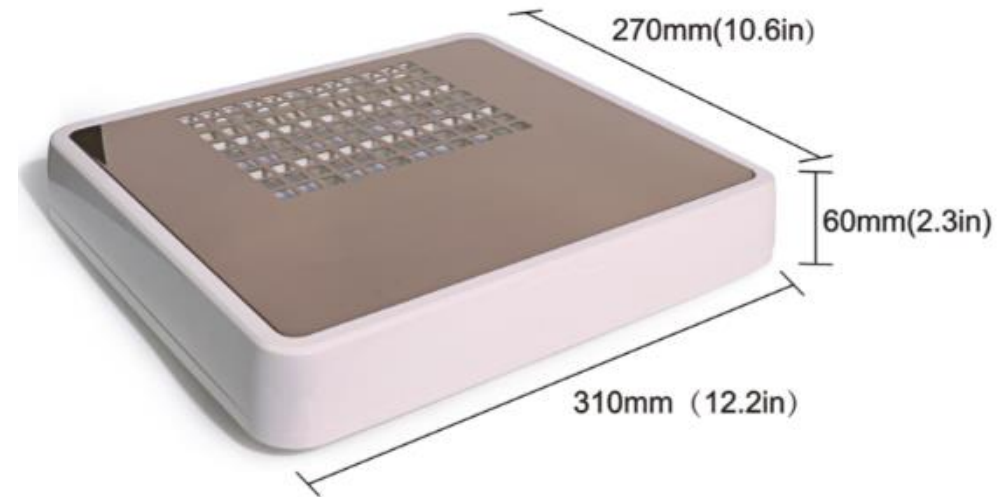

- A5: price: 23\$

- 1. Voltage: 100-240V
- 2. Rated power: 60W
- 3. RPM: 5200rpm

# Dust collectors

- A7: price: 30\$

- 1. Output: 12V,3A
- 2. Rated power: 60W
- 3. Material: ABS+Stainless steel
- 4. RPM: 5200rpm
- 5. Adjustable suction
