Zhangjiagang Xin Ye Chemical Sprayer, Ltd. was founded in the year of 2006. The company covers an area of 35,000 square meters, construction area of 25,000 square meters. It is a company with strong technical force, with more than 300 employees, including 8 senior managers and nearly 30 quality management and technology development staff.

Considering the product quality as its life source, the company utilizes more than a hundred, most advanced full-auto production equipment and full-auto inspection equipment.

Xin Ye people stick to the following commitment and motto – ensuring quality for survival, managing for efficiency, persistence for distinction and seeking trust for reciprocal win.

By far, the company has made a total investment of 80 million Yuan. At the same time, it has branched out a production base in the north of Lianshui, which mainly produces perfume bottle sprinker head. The entire production goes from aluminium stamping, injection moulding, oxidization treatment of aluminium surface, to the automatization of the assembly – the process of which has formed a complete production chain so that the company could provide the customers with better service and products quality.

The sprinker heads produced by the company are highly renowned worldwide. They have also been sold not only in China but overseas. In the meantime, the company has passed the ISO9001-2008 quality system certification.

The company set its headquarter in the Le Yu Economic Development Zone in the beautiful city of Zhang Jiagang which is also known as the Oriental Pearl.

It is adjacent to the new State Road 204 with its south side bordering on the highway along the river as well as the Beijing-Shanghai Expressway, its north side connected to the Yangtze golden waterway – the ground transportation and the waterway transportation of the company are equally convenient.

Under the leaderships from all levels, with the support of the customers, old and new, as well as the encouragement from the community, the company continues to grow. Xin Ye people are still holding on to its motto – to pursue after perfection and to pragmatically innovate. By putting the needs of the customers in the first place, by ensuring the satisfaction of the customers, by the sincere and honest service and by the determination to keep on moving forward, Xin Ye people are striving to become your most ideal partner to build a promising future together.
