ABOUT US

Guangzhou Jiao Technology Co., Ltd. Is a professional manufacturer in the industry of beauty wax, integrating R & D, production and sales. Since the Establishment in 2010, starting from an OEM factory, Ji Ao Technology now has gradually grown into an market-oriented manufacturer with self-development and in the leading position in the wax industry. JI AO adheres to offer the best service to customers. Product development carried out based on the needs of customers, user preferences and usage habits. According to different regions and different hair removal parts, exclusive formulas can be customized. Fijians core product, hard wax bean, with various shapes, more than 10 different colors, fragrant smell, natural ingredients, comfortable application temperature, painless, remarkable effect, low dosage and high cost performance.

To control the quality and cost, JI AO also produce the wax heater by themselves, with more than 3 years experience of wax heater production, the defect rate now has dropped to only one in a thousand, which offers customers a better waxing experience. With top product formulators, strong R&D team and high-standard laboratories in the industry, JIAO TECHNOLOGY regularly collect customer feedback, and customize formulas according to the different needs of different customers. With top product formulators, strong R&D team and high-standard laboratories in the industry, JIAO TECHNOLOGY regularly collect customer feedback, and customize formulas according to the different needs of different customers.

JIAO strictly control every aspect of the production process. Each process is strictly controlled by inspectors, and each batch of products must be inspected before they can be shipped. JIAO has gained the trust and love of many countries, many distributors and customers with complete qualifications, professional capabilities, and integrity. Focus on doing one thing and be the best. This is JIAO's constant value. In the future, JIAO will continue to develop and occupy the global market with professional product and service, and strive to advance towards the goal of TOP1 in the industry!
